

## Pricing

Pricing for both plans is on a per unit basis. However, if you have multiple units of the same kind under the same roof, a 10% discount will apply to those multiple units. That is, calculate the price of both furnaces and/or air conditioners & subtract 10%. Then add that to the price of the rest of the equipment.

## The Silver Plan

### HEATING EQUIPMENT

Gas or Electric Furnace or Boiler .....	\$ 145.00
Garage or wall furnace .....	\$ 75.00

### COOLING EQUIPMENT

Condensing Unit .....	\$ 110.00

<b>Humidifier</b> .....	\$ 49.00
-------------------------	----------

<b>Home Standby Generator**</b> .....	\$ 200.00
---------------------------------------	-----------

**\*\*Annual Maintenance Only—No repair labor or parts.**

## Here's What You'll Receive...

You choose your plan and the equipment you wish to include. As soon as weather permits, we'll dispatch one of our **certified ProTec** technicians to perform a **ProCheck** precision tune-up and professional cleaning of your heating and/or cooling unit for the upcoming season. In addition, if you need our service during the effective date of the plan due to the failure of a maintainable component, call us and we'll be there at no additional labor charge. Parts coverage varies according to the plan you choose. Replacement parts needed under the terms of our **SILVER PLAN** will be billed at a 15% discount. Under the terms of our **GOLD PLAN**, replacement parts are included in the price of the plan. Some restrictions apply. Please see *Terms and Conditions* on the back of this brochure.

**Our ProCheck includes the following (and more) as required:**

- Inspecting & replacing standard 1" filters.
- Checking refrigerant pressures.
- Tightening electrical connections.
- Checking for proper voltage & amp draw.
- Lubricating motors as required.
- Inspecting & cleaning condensate drains.
- Insuring all controls & safety devices are working properly.
- Humidifier & air cleaner inspection if included in agreement.
- Checking for gas leaks.
- Checking pilot & burners.
- Checking operation of gas valve.

## Here's How It Works ...

Priority service begins when we receive your signed check and extends for one full year. **We will set up your ProCheck precision tune-up and professional cleaning inspection(s) then call you for scheduling instructions when it is time for completion.**

Approximately one month prior to the renewal date, you will receive a renewal invoice for your consideration. Return your remittance along with the invoice and you will be set for another year.

This agreement does not include the labor and additional materials needed to comply with any present or future governmental regulations for the recovery, reclamation, and/or recycling of refrigerants.

## The Gold Plan

### HEATING EQUIPMENT

Gas or Electric Furnace or Boiler .....	\$ 185.00
Garage or wall furnace .....	\$ 95.00

### COOLING EQUIPMENT

Condensing Unit .....	\$ 150.00
<i>(Air conditioner added to furnace)</i>

**TERMS & CONDITIONS**

1. Improper installation, modification, abuse, negligence, misuse of equipment or unit, or repairs made by others unless authorized or agreed upon by this contractor will be cause to terminate our obligation under either plan.
2. Gundlach Sheet Metal Works Inc. reserves the right to reject either plan if on inspection by a service technician, equipment is found in such condition that service will be unsatisfactory to either party.
3. Gundlach Sheet Metal Works Inc. will endeavor to render prompt and efficient service hereunder, but it is expressly agreed that Gundlach Sheet Metal Works Inc. shall in no event be liable for damage or loss caused by delay or any loss arising out of the performance of either plan.
4. It is mutually agreed that only electrically operated components inside units and unit thermostats are covered under both plans. Neither plan includes repairs or maintenance to registers, grilles, key valves, power wiring, ductwork and flue pipe, refrigerant leaks or piping, humidifier leaks or piping, steam or hot water piping, and balancing beyond the units, zone control systems or valves, shortage of electric or water supply, sabotage, or damage caused by freezing. Heat exchangers, evaporator coils, and/or compressors are not covered under either plan. Home standby generators are covered for maintenance only — repair labor and parts are excluded from both plans. Generator parts may be discounted in accordance with the Silver plan.
5. Air cleaner and humidifier service will be performed during normal working hours only.
6. Neither plan covers any work or changes which might be required by government regulations, codes, or insurance company needs or requirements.
7. If a plan is cancelled due to the sale of property, no refund for the balance of the plan is available. However, we will be glad to transfer the balance of the plan to the new owners.
8. No service shall be rendered under either plan if the customer has a past due account. All equipment must be in proper working order before agreement takes effect.
